Profile

- Research Enthusiast
- Computer Science
- Marketing and Fundraising

EDUCATION

B.Sc in Computer Science

State Funded Scholarship

📅 2022 - ongoing
📍 University of Bucharest

Highschool Diploma

9.78 out of 10 in Romanian Baccalaureate Exam

📅 2019 - 2022
📍 "Grigore Moisil" Computer Science Highschool, Iasi

CONFERENCES

Math en Jeans

In 2019, I presented my research on a coloring problem solved with graph theory.

PROJECTS

FTC Romania

Currently, I am a peer mentor for the *Peppers* robotics team. This year, the team managed to qualify for the international phase of the competition, in Houston, Texas.

4IT⁵⁰

A competition of educational software where the selected students from schools specialized in Computer Science were distributed into mixed groups. The project PHISics Masters can be found on my Github profile. It allows the user to simulate different combinations of mechanical processes (such as gravity, inclined plane, elastic spring) with adjustable parameters.

ABOUT ME

Interests: Bioinformatics, Logics, Data Science, Linguistics

LANGUAGES

Romanian C2* ●●●●●●●●
Native
